

AUTO DE CONSTATAÇÃO E REAVALIAÇÃO

Aos sete dias do mês de dezembro do ano de dois mil e nove, na Rua Vital Brasil, 354, Taquaral, Campinas, SP, onde eu, oficial de justiça avaliador federal encontrava-me, em cumprimento ao mandado n. 05-12237-09, expedido nos autos n. 200361050001439, por determinação do Meritíssimo Juiz Federal da Quinta Vara da Quinta Subseção Judiciária do Estado de São Paulo, na cidade de Campinas, no feito em que são partes Fazenda Nacional contra Mount Informática, cumpridas as formalidades legais, constatei e reavaliar os bens penhorados, conforme lista em anexo, que é parte integrante deste. Importante constar que os *softwares* listados são muito antigos, e que, dada a enorme quantidade, não foi possível testar um a um para verificar o funcionamento, eis que haveria necessidade de se instalar todos, o que é impraticável, mesmo porque requerem conhecimento específico para utilização. Além do mais, alguns estão em formato de disquete 3,5" ou 5 e ¼ e que os computadores atuais não possuem *drive* para leitura, bem como é duvidosa a compatibilidade de tais *softwares* com as versões mais modernas do *Windows* (XP, Vista e 7), razão pela qual não há como se garantir que tais *softwares* funcionem. A base de preço utilizada fora obtida através do *site* Mercado Livre comparando-se os programas penhorados com alguns de igual idade. Nada mais.

Fernando Luiz Pereira
Oficial de Justiça Avaliador Federal
